Seniors

CLAYTON HARRIGER

"Tex"

"Tex" is one of our artistically inclined seniors. All the clever cartoons in the local school paper are his work. His ambition is to be an aeronautical engineer, and if any drawing is required, he'll make it.

JAMES HEASLEY

"Jim"

"Watcha' doin'?" Those two words alone describe Jim. Wherever you may be, there is "Jim", too. His most noticeable characteristic is his incessant talking. He likes to spend his spare time eating and watching television.

WILLIAM HELMINTOLLER

GERALD MAX KETNER

Likeable and nice looking is a good description of "Edie". Her pleasant manner and friendly way will help her to become a popular singer.
